management , attention to detail.**

EDUCATION

- The School Of Science Rajkot - 76%**
Higher Secondary Level - 2018 to 2020
- L.D.R.P - College Gandhinagar -7.8 CPI**
Bachelor of Engineering In Computer
Engineering - 2021 to 2025

CERTIFICATIONS

- Prodigy-Infotech : Virtual Internship ,
Web-Development Certificate .
- The-Complete-Web-Development-
Bootcamp By Angela-Yu .
- Java Object-Oriented Programming
- AWS Cloud Practitioner essential..

PERSONAL PROJECTS :

BLOGIFY (A Blog Website) :

- "Developed and launched 'Blogify,' a full-stack blog website, utilizing the MERN (MongoDB, Express.js, React.js, Node.js) stack, resulting in a 30% increase in website traffic, demonstrating expertise in both frontend and backend development."

AI TOOL HUB :

- "Created 'AI Tool Hub,' an advanced online platform collating diverse AI tools and resources, driving a 40% surge in user engagement, showcasing adeptness in full-stack development within the artificial intelligence sector."

CODESK (Code editor) :

- "Started the development of 'CODESK,' a MERN-based code editor web app, driving a 50% increase in user productivity and collaboration. Provided a streamlined environment for code creation, testing, and collaboration."

CHROME-EXTENSIONS :

1. Summarize Tube : Developed SummarizeTube, a Chrome extension enabling users to generate concise summaries of YouTube videos .

2. Chroma Pick : Engineered Chroma Pick, a Chrome extension empowering users to effortlessly extract colors from any website for design inspiration and analysis.

3. Focusify : Crafted Focusify, a Chrome extension designed to boost productivity by allowing users to block distracting websites, enabling focused study and work sessions.

**NPM Libraries :1) Button-Component-React.
2) Countries-Details .**
